MealMaster Bowls

MFPP (Mineral Filled Polypropylene)

Ideal for Take-Out & Delivery

Leak resistant and retains the food's proper temperature to help deliver a "same as in-store" dining experience for your customers

** Made in the USA from globally sourced materials

EarthChoice MFPP Microwaveable Bowls

EarthChoice® line of multi-purpose bowls are durable, lightweight and made from a blended material that reduces the amount of plastic used in the product. Clear polypropylene lids with ZipSeal™ make these bowls perfect for carry out applications or to merchandise in a display case. Multipurpose bowls are combo packed and are microwave safe.

Embossed with the EarthChoice® logo

FEATURES

- Excellent for multiple foodservice and carry out applications
- EarthChoice® microwaveable mineral filled polypropylene base
- Polypropylene microwaveable lid
- ZipSeal™ closure for increased leak resistance
- Perfect for hot and cold case applications

These guidelines are supplied to assist you in determining the proper use of Pactiv products. They are based upon testing and published guidelines and are reliable in most applications. However, because every food supplier's recipes, ingredients, processes and supply chain is unique, these guidelines are not a substitute for product testing. Confirmation of product acceptability under your specific conditions of use must be done by you.

Reduce

We reduce the use of petroleum-based materials by incorporating other materials like minerals and plant-based starches into select EarthChoice products.

Reuse

We design products that may be washed and reused by consumers.

Recycle

We manufacture products that include post-consumer recycled materials and actively engage in initiatives to expand recycling of foodservice packaging.

Renew

We utilize renewable resources and actively engage in initiatives to expand composting of foodservice packaging.
